## Manor Lees Junior Academy

Manor Lees Junior Academy are hosting a climate action event on Thursday 12th February (see poster above).

Rosemary and Carolyn will be at the school on Monday 9th February, working with year 3 classes to raise awareness of the threats to our planet and its loss of the natural world.

We will be putting up an exhibition which explains climate change and other environmental issues and that will be available to view for the rest of the week: (10–13th February).

## Film Screening – *Fires & Fascism* (2025)

A documentary about the wildfires in southern Europe and how their causes extend beyond climate change to big business, organised crime, and the far right. It shows how communities are responding to unite a divided society. Peter Knapp, a scientist, travels across the Mediterranean to understand the effects of wildfires on local communities, as well as its connection to past fascism, organised crime and political ideologies.

We are hosting our second screening of this film on 28th February, 5pm–7pm at **Burton Road Methodist Church**, LN1 3LW. The ticket includes an online Q&A with the director Peter Knapp.

Donations on the day. To reserve a place email: [earthlincs@gmail.com](mailto:earthlincs@gmail.com)

**The Restart Project – a nationwide campaign**  
**The UK Repair and Reuse Declaration**

What is the Repair & Reuse Declaration?

Repair and reuse can reduce our climate impact and save us money. But it can be hard to do the right thing; many products aren't designed to be fixed and our waste system focuses on recycling.

In 2023, we worked with community repair groups, policy experts and representatives from across the waste sector to develop five key policies that could unlock repair and reuse across the UK. Now we need your help to get politicians' support.

Throwaway products are fuelling climate change, growing our toxic waste mountain, and ripping us off. So let's fix that.

We're calling for UK politicians to make it easier for everyone to repair and reuse the products we rely on every day. Will you add your voice? Find out more here: <https://therestartproject.org/campaigns/repair-reuse-declaration>

**Volunteering**

We need more volunteers – If you have just a couple of hours each week to spare, please join our team to support this exciting new initiative. Pop in on any Saturday 2–4pm to find out more! Our collection of 'Stuff' is growing and benefitting more and more local people, who are giving us great feedback!

If you have time to help us with publicity by delivering flyers in your area, please get in touch!

**Oil companies drop Biscathorpe appeal**

In December the companies behind plans to drill at Biscathorpe in the Lincolnshire Wolds finally withdrew their application. This is great news and vindication of the hard work and dedication of the SOS Biscathorpe Campaign Group. For more information click on this link, <https://drillordrop.com/2025/12/15/breaking-oil-companies-drop-biscathorpe-appeal/>

**To recognise the campaign's success there will be a social on Sunday 22nd February from 1pm–4pm at Donington-on-Bain Village Hall** to celebrate the withdrawal of plans to drill for oil at Biscathorpe and to consider our next steps. Please bring a dish to share. *Find us on FaceBook: SOS Biscathorpe*
